

## **Hygiene Concept for Further Education Events of the PTS Academy for Participants and Speakers**

Status: 28.09.2022

### **General instructions**

- Please refrain from shaking hands when greeting and saying goodbye.
- Please ensure good hand hygiene and cough and sneeze etiquette: cough and sneeze into the crook of your arm or into a handkerchief; wash your hands afterwards. Please dispose of used handkerchiefs in the containers provided.
- Please keep a distance of 1.5 metres between each other if possible.

### **Hygiene measures**

- We provide disinfectants.
  - For seating, we pay attention to spacing.
  - The tables are cleaned during the lunch break and at the end of the seminar days.
  - The seminar room is aired regularly.
- There is no mask obligation for the event participants. Those who wish to wear a mask for their own safety may of course do so.

### **Participation in the event**

As we care about the health of our participants, we ask you to refrain from participating if you have symptoms of illness such as fever, headache, shortness of breath, dry cough, cold etc.

We would also like to ask you to perform a Covid-19-test before the start of the event.
